For the remaining period, the interest rate is variable, linked to EIBOR<sup>1</sup> (i.e. EIBOR + fixed margin)</li> <li>Fully variable rate: The interest rate for the entire period of the loan is variable and linked to EIBOR<sup>1</sup> (i.e. EIBOR + fixed margin)</li> </ul>
Annualised Percentage Rate (APR) (Indicative)	Starting from 4.09% up to 10.07%. APR is a reference rate, which includes applicable interest, fees and charges of the product, expressed as an annualised rate.
Loan Repayment	Your loan repayment is in Equated Monthly Installment (EMI) and if you have a variable rate loan may vary based on EIBOR rate. EMI is calculated by adding the principal loan amount and total interest and dividing this total by the loan period in months. This is done using a reducing balance method which means that as your loan balance reduces, with every Equated Monthly Instalment (EMI) payment, the interest portion of your EMI will reduce.

<sup>1</sup> When variable interest rate is linked to EIBOR (The Emirates Interbank Offered Rate) i.e. EIBOR + Fixed Margin, the EMI will change depending on the actual EIBOR rate on the review date. You can choose variable price linked to 1 month or 6 months EIBOR. Variable pricing linked to 1-month EIBOR will be reviewed monthly and variable pricing linked to 6-months EIBOR will be reviewed every 6 months.
